School Profile

School Context

Sherbrooke Academy Junior offers a nurturing and inclusive learning environment for students from diverse backgrounds. Our school community comprises a dynamic mix of 195 students, each bringing unique talents, perspectives, and aspirations to our classrooms.

Our dedicated team of educators plays a pivotal role in shaping the educational experience at Sherbrooke Academy Junior. With a focus on academic excellence and social emotional health, our 15 highly qualified teachers are passionate about fostering a love for learning and equipping students with the skills they need for success in an ever-evolving world.

Supporting the academic and social emotional development, and extracurricular endeavors of our students is a team of 12 support staff members who directly support our students, and contribute to the smooth functioning of various administrative and logistical aspects of the school. Their commitment to creating a conducive and organized environment ensures that students can fully engage in their educational journey.

In addition to our teaching and support staff, 4 professionals, Nurse, Occupational Therapist, Psycho-Educator, and Speech and Language Pathologist, work collaboratively to address the diverse needs of our student body. This comprehensive approach to education underscores our commitment to providing a well-rounded and inclusive learning experience for all.

Our school is situated in an advantaged socio-economic community. The socio-economic levels in our community contribute to the unique fabric of Sherbrooke Academy Junior. Our school and community strengths lie in fostering a sense of inclusivity, where each student is valued and supported. The collaborative efforts of teachers, parents, and community members create an environment that encourages academic achievement, personal growth, and social responsibility.

As a school community we are very proud of the following strengths we bring to the educational experiences of our students:

As a community orientated school, support staff, teachers, SEED, and parents work collaboratively to offer a welcoming environment for our students and their families. Sherbrooke Academy Junior staff prioritizes Social Emotional Learning to foster the development of the whole child. Lastly, our school offers well equipped interior and exterior environments (Social-Emotional Room, spacious Kindergarten classrooms, outdoor yoga platform, pergola, mud kitchen, play structures, permanent schoolyard game facilities, forest, attached municipal park, etc) which enhances diverse learning experiences.

Our school also faces challenges which we diligently work towards addressing in order to support our students and community:

The Sherbrooke Academy Junior staff is working towards balancing personal and professional wellbeing and work life balance to ensure that our students' learning experience is optimized. We are addressing increased anxiety amongst students and families. Lastly, scheduling time to align practices amongst grade levels and various staff members is challenging.

At Sherbrooke Academy Junior, we take pride in our collaborative community where students, teachers, support staff, and professionals work together to create an atmosphere of academic rigor, creativity, and personal growth. Through a rich tapestry of experiences, Sherbrooke Academy Junior aims to inspire lifelong learners and responsible global citizens.
